### Request for Application Extension of Time to re-take the MBLEx when Previous MBLEx Score is more than two years old

Pursuant to La. R.S. 37: 3556 A (2), one of the qualifications for Louisiana licensure to engage in the practice of massage therapy is that the applicant must present evidence of having passed a national examination within two years from the date the application is filed. Under MBLEx administrative regulations, a person who has previously passed is not allowed to re-take the examination unless MBLEx is advised by a state agency that a re-test is needed to meet a particular state requirement for a more current passing score. MBLEx further requires that a state seeking to authorize a person to retake the examination must have an application actually pending before sending MBLEx a request that a re-test be allowed. If a person needs to re-take the MBLEx examination in order to qualify under the Louisiana application process, the person must submit this form along with the Louisiana Application for License to the LBMT and before applying to MBLEx for re-examination. Application packages will be returned to the applicant 90 days from the date of application if proof of passing the MBLEx score is not received from the applicant.
